ABOUT OUR BUNGALOW

B&B is a part of our name, which is Matahari Cottage Bed & Breakfast. An occasional guest familiar only with chain hotel offerings might find that Matahari does not match his or her expectations; however, those who would enjoy a more natural ethnic experience in grass huts carefully prepared to make guests feel pampered in the jungle surroundings, will find a pleasurable and memorable experience at Matahari.

AIRPORT TRANSFER(27\$ PER CAR EACH WAY)

For airport pickup service reservations with Matahari's driver, simply drop us a note with your flight information in it including your flight number and exact arrival date and time. Our driver will be waiting for you with your name when you come out of Customs.

According to some of the tourists' recent comment, some taxi or pickup service drivers will take you to expensive souvenir shops on the way to Ubud where they can get a high percentage bonus. We would suggest you to say no to these offers if they happen. On the other hand, the private drivers with whom Matahari associates will never take you to any place that you don't wish to go.

Also enclosed is [a Google map of our location](#) for your convenience.

VISA ON ARRIVAL

May we remind our guests that Bali has charged tourists for visa on arrival since February 2004? Staying less than 7 days (included) is 10USD, 7 days to one month is 25USD. The maximum stay is one month. Make sure you have the exact change ready for paying the fee at the visa counter before lining up at the immigration counter as sometimes they don't give your change back. Also they randomly require tourists to provide two 2-inch snap shot photos, so it's suggested to have these ready, too. By the way, if you plan to bring USD to Bali for exchange, remember USD issued before 1996 (included) is not accepted by all Money Changers here in Bali. Also larger denominations always get a higher rate. Furthermore, due to large quantity of fake USD paper bills, most countries in South East Asia stop accepting USD bill that comes with a series number that begins with CB. The current exchange rate of USD to Rupiah is at 1 to 11,000.

We believe everyone should have a magical experience in Ubud and we are determined to contribute what we can to make your holiday perfect. Also enclosed is a photo of the auspicious Balinese mythological animal, Barong, to share with you the mysterious atmosphere of this tropical paradise.

We wish you a very wonderful trip and look forward to your acknowledgement of this mail.

Yours truly,
Sean Huang
